Organic Certified Skin, Body and Hair Products

Product Catalogue 2019 - 2021

Beautiful Skin Naturally

Are you attempting **to turn back the clock** or clean up your lifestyle?

When considering skincare products you simply can't look past what **nature has to offer**. All natural oils like Jojoba, Almond, Rosehip and Avocado used in many of our formulations deliver more **Vitamins**, Anti-oxidants, **nourishment** and moisture than any ingredient created in a laboratory. There is nothing in nature or a laboratory that will completely eradicate wrinkles – believe me, people have been trying for centuries.

Good looking skin begins with maximum hydration and **top quality nourishment**, from within and out.

There is no doubt that **modern living is taking its toll** on our health and the environment. We are being exposed to more harmful chemicals than ever; understanding what is harmful and what is not takes real dedication.

Clean living takes commitment, discipline, knowledge and balance.

What you put in and on your body is **easy for you to control**, the atmosphere we live in not so. Do you want to take control, improve or change what you know to be bad for your overall health?

When it comes to skin, hair and body care, **you can trust Viola Organics** products implicitly. When we develop a new product our sole aim is to firstly **“do no harm”**, and secondly to rely on the perfection that is in nature to provide what our skin and bodies need.

Since 1986 Viola Organics has been creating products that are safe, non-toxic, really perform as well as being affordable. It is a way of life and something I am very passionate about. The benefits are huge, the **results amazing** and we **guarantee** every Natural and Organic Certified product we make.

Invest in yourself.....we do!

AROMATHERAPY

A valuable health supplement for wellness and wellbeing.

Different ways to use AROMATHERAPY

Interesting Fact: 1ml is equivalent to 20-28 drop's, therefore a 12ml bottles will provide on average 336 drops depending on the thickness of the oil. Some are naturally more viscous than others.

NEAT

Generally speaking, essential oils are not applied to the skin in an undiluted form. However, there are some exceptions. Lavender, Tea Tree, Lemon, Frankincense & Patchouli are all safe to use.

OIL BURNER

Electric Oil Burners are safe and convenient but if you prefer, use tea-light candle burners, but be sure to buy Soy Candles (avoiding the toxic emissions of paraffin candles). Always ensure they are placed safely out of reach of children and pets.

DIFFUSER

A delightful and often attractive way to scent or treat a home. Water diffusers are often lit with colours and omit a lovely steam vapour through the top opening. Great for repelling bugs or keeping the family well during winter months. 5 – 10 drops is all that is required per diffusing session.

MASSAGE OIL

Using 1% - 3% essential oils in a base oil. We suggest using any of the following carrier oils - Almond, Avocado, Olive, Sesame, Jojoba, Calendula, Evening Primrose, Sunflower.

STEAM INHALATION

Especially suited to sinus, throat and chest infections. 5 – 10 drops in a bowl of hot steamy water. Cover head with towel and breathe deeply for 1 minute, repeat as needed.

COMPRESSES Hot or Cold

This is a very effective way of using essential oils to relieve pain and reduce inflammation. Hot compresses for backache, arthritis, earache, toothache. Cold compresses for headaches, strains, sprains, swelling. 4 – 5 drops in either icy cold or very hot water, dunk a flannel, squeeze out excess water and place on affected area. Once at blood temperature rinse and repeat until relief.

Note: Essential Oils should not be used at home to treat serious medical or psychological problems. Please be careful if you have pets in the home. Essential Oils will last many years when kept in a cool dark place.

I am absolutely thrilled with every product I have used. Avocado Deluxe Cream, Rose Dew Toner, Morning Dew deodorant, Rosehip Elite Cream, Cleanser Cream. Thank you

S.A. Whangarei.

Your new Conditioner is the best I have ever used, and my hair is treated! Delicious scent too.

S.C. Takapuna

Hi Janine, My order has just arrived and I only ordered it yesterday. Thank you for the speedy delivery, the sample and handwritten welcome note; what exceptional service! Also, the products smell/feel great. I can't wait to try out the exfoliating cream tonight. Best wishes for a fab festive season! Kind regards,

J.K. Hastings

Viola's 30th Birthday present. Dear Janine and team. Many thanks for the lovely surprise in my parcel last week. What a fantastic idea! It is very special and I will enjoy wearing it very much. Keep up the great work and here's to the next thirty years. Best wishes

L.B. Temuka

I just had to drop you a line and tell you how beautiful I found your Avocado Deluxe Cream. I popped into your factory shop a few weeks ago with a friend (I'm from Tauranga) I have tried a few different skincare ranges but yours is just simply outstanding, and an affordable for me price, plus the Pet Shampoo is yummy. Thanks I'm a convert!

L.K. Tauranga

Hello Janine, It was nice to catch up with you today and be able to shop at your birthday sale. I'm so happy to have my very favourite perfume again! Can't imagine how I've been getting by without it actually! Thank you so very much for the exquisite gift...you were right, I sat in the car and opened it...and wore it straight away! You couldn't know how very much "me" it is....and of course the Aiyana fragrance in it was the icing on the cake. Such a lovely gesture which I truly appreciate. Thank you

Happy Birthday Team! Especially to Janine. LOVE Viola Organics. I love your liquid soap Enjoy your 30th Birthday celebrations and keep up the amazing work folks. Many happy returns

J.U Gisborne.

Thank you so much (yet again) the order arrived ultra-quick. I was trying to work out how long I have been buying the deodorant. Over 20 years!! I think I lulled myself into thinking I (not !!) get that stinky perspiration smell..... I realised yesterday when I forgot to put some on that I actually do, but am saved everyday by THE deodorant powder!!

S.S Wellington.

My deodorant order arrived with a little gift of face cream – Rosehip Elite Cream I think? What a fantastic product! Thank you. I had been out in the wind and sun at a horse training clinic for 3 days and my poor face was crying out for attention! I applied four times that evening and went to bed with a happy face. I will definitely have a look at your website to see about ordering more.

D.J Christchurch

Congrats on your 30yrs of making beautiful skin care. Awesome achievement!! I really like the new labels and the new Jojoba Body Lotion fragrance. Cheers girls, have a happy day.

S.N Hamilton

Just to let you know this year we have all been getting bad bites from mosquitos and other insects and I find the Honey & Calendula very soothing. It stops the itch and helps with healing. This ointment is so versatile, an absolute treasure. I am so glad you are still making it. I recommend it to everyone and the other day my cousin visiting from England ended up taking a jar of it back home with her.

T.R Nelson

I have been very happy using your products since last year. My friends ask me what I am using for my skin because its condition looks so good to them. I appreciate your efforts to make good products.

E.M Auckland

Deodorant Powder. I have been using this deodorant for over a year now and it is great! Almost finished my first pot. Thank you for selling such a great product!

H.W Hastings

I recently purchased the Silky Eye Cream. I love it. Only need a tiny amount and it makes the eye area feel lovely and soft and hydrated. Kind Regards

S.H Dunedin

Just wanted to let you know that I love the Rejuvenating Day Lotion. It is just like silk. I have had two Naturopath Ladies comment on my lovely skin and asked what I used, so I told them about your products.

R.D. Katikati

Renew Exfoliator Wow love that exfoliator!! Skin feels silky smooth. Thanks heaps,

Love K.S. Whangarei
